

How Much is \$1 Trillion Dollars

First let's get started with \$1 Billion Dollars. A billion dollars in \$1 Dollar Bills, laid end to end, would go around the earth 3 1/2 times.

\$1 Billion Dollars

3 & 1/2 Times

Now lets take a look at \$1 Trillion Dollars. A trillion dollars of \$1 Dollar Bills, laid end to end, would travel from the earth to the sun.

\$1 Trillion Dollars

From the Earth to the Sun

Our current National Debt is more than \$16 Trillion Dollars.

Therefore, in \$1 Dollar Bills laid end to end, we could travel from here to the Sun and Back 16 Times !

That's 8 Round Trips !
